iphone BlackMagic Design is a global company producing professional video capture, video, audio, and audio-visual technology for the broadcast, corporate, film, and professional markets, including high-definition (HD) video, professional video editing, web streaming, multi-camera and other systems, field monitors, wireless microphones and audio interfaces. I need to know how to fix the loading screen of blackmagic design. Its resolution is not 8gb. Its resolution is 16gb. If you get this in your iPhone Loading Found 300.68%... I have a new Blackmagic Design Davinci resolve, and I'd like to know how to solve this problem. It has a resolution of 16GB, but the loading screen is tiny, and I can't even read it. I do not know what to do, please help! It has been more than 3 months I have been waiting for the resolve to be delivered, but I have still not received the resolve. They're not even answering the phone. I have spoken to another friend with the same problem, and he had a bad experience as well. I hope they don't make the same mistake as my friend. I hope they find a better solution. I bought a Blackmagic Design Davinci resolve and I would like to know if there is a way to solve this problem.
