Mahoutsukai no Yoru virtual device working. Download Mahoutsukai no Yoru Crack. The game starts with Sumire Kaname, a high school girl who's seen a couple of weird things that no one else has seen. However, it turns out that she is doing all of this through some kind of hallucinations. By following the events of these 'dreams', Sumire ends up being involved in a plot to revive the dead, and it's up to her to stop it. Sumire is determined to find the source of these hallucinations and save herself and the world from what's really going on.
