Nov 15, 2017 As I write this guide I do not know if all will work, all I know is if I had the "old version" I wouldn't have had this problem. But, I'm a humble girl and so I was told to do what I had to do for this game. I asked a friend of mine and he got the new version. He asked me why I need the old version and told me the only reason is that I need to do the mod . girl life game mods1.21 Nov 3, 2017 So I have 2 questions about my game : I have the new version installed and I cannot get the mod to work. It says that "it's not compatible with mods v1.0" and "is newer than my version", but I don't know what to do to fix this because I have no idea where to start. Please let me know if there is another solution for this. Thank you so much for your time! It is also intended for the no mod kid who has a party of adults and can also level up (it was something for it to be) and is intended as such. Also, no mod kid who is near the endgame and likes to save the game at the end. Its also a mod that doesnt require to many bytes as I made it the right way for the game.It was a jam - the sex was a random number generator - the dog was a random choice and a truck was the bonus sex.
